

**Amendments to the Specification:**

Please replace paragraph [0016] of the specification with the following paragraph:

**[0016]** Due to the FCC IBOC requirements several practitioners in the antenna community have devised methods or systems for interleaving analog-digital feed lines to the main antenna. For example, U.S. Patent Application No. 10/396,818 titled “Apparatus and Method of Isolating In-Channel FM Antennas Sharing Common Aperture Space” filed March 26, 2003 by the present inventor, the contents of which are incorporated herein by reference in its entirety describes the possibility of interleaving antennas.
